

Vintage Tablecloth Lovers Club

Making the world a cozier place...one table at a time

Officially Spring has Sprung (in the USA anyway). That means it's time for a **Table Setting Contest**. The theme for this one is (drum roll please) **SPRING FLING**. The beauty of this theme is that there really is no theme except we want you to show us your favorite springtime table setting. Actually "Spring is in the Air" so think Flowers, Trees, Birds, Gardening, Baseball, Romance, Allergies (well, maybe not allergies!) If it means Spring to you, just *fling* it at us.

The rules are simple. Set your table and take a "full shot" picture of the table, a partial shot and any close-ups you think "show off" the setting. Please send your entries to

thevintagetableclothloversclub@gmail.com

by midnight on Saturday May 19th. So, why not Spring Ahead...and Fling that Table Setting together today! Prizes will be Spring-tacular and will be announced on the forum and via email.

Tablecloth Reports!

If you have not been following Tim's Tablecloth reports you really need to check them out at <http://vintagetableclothloversclub.com/membership/tablecloth-teatowel-reports.htm>

These are so fun to read, he has a great sense of humor! The reports are amazing in terms of unusual cloths and the dollars they bring. Thank you so much Tim, we know this is a labor of love.

Do You Know How We Came to Be?

In the summer of 2002, a group of linen obsessed folks formed "The Vintage Tablecloth Lovers Club" (VTLC). Founders were drawn together by their mutual love and appreciation for the vintage printed tablecloths of the 1930's through the 1960's. As they shared their collections, they also shared their knowledge and realized that if they pooled their resources an important part of American history would be preserved. The club was born and is still going strong today. Promoting the education and appreciation of these textile treasures continues to be our major focus.

The VTLC provides numerous resources benefitting all types – from the casual hobbyist to the rabid collector. We share everything from pictures of our collections to sales trends in the marketplace to resources including articles researched and written by members. We sponsor on-line activities such as table setting contests and themed forum activities. The forum is the place to visit, share, ask questions and learn from each other. Our Tablecloth Identification Database is the only one of its kind, with nearly 1700 tablecloths. More are added all the time. Compiled for members, by members, this invaluable resource is great for identifying a new cloth or just browsing during a quiet moment. The club is not-for-profit, managed by volunteers and all fun. The membership fee goes to support our website which is our club meeting hall.

The VTLC Tablecloth Database

Our database is currently at 1688 tablecloths listed. Let's make a push to reach 1700! Sellers, especially, be sure to enter the tablecloths you find that have either a cloth tag or paper label into the database. As sellers, many cloths pass through your hands and we want to get those labeled ones recorded before they go to their new home! Thank you to all of you who regularly submit cloths for inclusion in our database and to those of you who add additional information through the edit process. For additional information see...

Love This Club and Want to Help Out?

As always, we hope you will not just consider, but volunteer to fill one of the slots that help to make the VTLC a vibrant and fun place to be. Please review the list at the link below to see where you might share our time and talent. In particular we could really use an official treasurer, Anne has been filling for a few months now and it is time to give her some relief. And the position of Vice-President is open. There are some tasks that could be done by an additional board member and we are always searching for new ideas!
